a train came through our lines just below us there were some demolition people from regimental headquarters company who blew out a section of the outer rail when the next train tried to come through it derailed at the blown out track this caused a lot of machine gun fire from that train but they were firing blindly for we had not given ourselves away by firing back when daylight came it also was foggy a lot of the people were wandering around the countryside most of them were german army women all were dressed alike the blouses were dark orange color and the skirts were brown they were a sorry looking lot sullen tired and unhappy

marc siegel is an articulate voice of reason in a world beset by hype and hysteria we would be well advised to listen closely to what he has to say jerome groopman m d staff writer the new yorker siegel cuts through the hype about the deadly this and the lethal that and applies reason in seeking the answers john m barry author of the great influenza the epic story of the deadliest plague in history timely and needed at such times we need soothsayers and explicators to redirect the ready fire aim mindset siegel s book fulfills this role well the journal of the american medical association as bird flu sweeps through asia the rest of the world has begun to worry that it might spread west and start infecting humans as many experts have pointed out an influenza pandemic is only a matter of time and that time could be now or is it in bird flu dr marc siegel cuts through the hype the facts the fears and the realities to explain what has the experts so worried and why there s still plenty of reason to be calm among the questions he answers are what is bird flu and who has it what can i do to protect my family should i stockpile tamiflu will this be like the deadly spanish flu of 1918 why is there no bird flu vaccine will the annual flu shot protect me in his sensible and entertaining style siegel looks at the advances we ve made in treatments the research still to be done and the challenges ahead for asia to lay out a realistic plan for ending this global threat while a bird flu outbreak in the united states may or may not happen this year there s still a great deal of work to be done in readying america for outbreaks of any kind

an accessible and highly readable introduction to the sociology of health and illness through the inclusion of key theorists concepts and theories with reference to

contemporary health concerns and recent relevant research kylie baldwin de montfort university guides us through the many reasons for the centrality of health showing clearly that health and illness are the products not just of our biology but of the society into which we are born an authoritative analysis of the social nature of health ray fitzpatrick university of oxford this bestselling text introduces students to the core principles of the sociology of health demonstrating the relationship between social structures and the production and distribution of health and disease in modern society written with a truly sociological and critical perspective the book tackles themes such as class gender and ethnicity and engages with a range of theories and theorists including foucault fleck parsons weber and kuhn the third edition has been thoroughly updated to include the latest cutting edge thinking in the area with new empirical examples updated references and new sections on thought styles after fleck and transformations of the medical profession it also uses helpful learning features including chapter overviews case studies summaries and further reading suggestions to provide stimulating and thought provoking exercises for students in health nursing and sociology schools

kathy leigh never knew her mother raised by her reserved father and loving aunt in 1950s blackpool she has had a happy childhood it is a time of glamour and excitement as families and individuals struggle to mend the bonds broken by the recent war but then kathy uncovers the shocking secret which threatens to blow the family apart and could take her far away from blackpool and from everything she has ever known all the way to america if she is willing to take the chance

a fascinating and dramatic account of a controversial figure in twentieth century psychiatry in this dazzling and provocative biography gail hornstein brings back to life the maverick psychiatrist frieda fromm reichmann to redeem one person is to redeem the world tells the extraordinary life story of the german jewish refugee analyst who accomplished what freud and almost everyone else thought impossible she successfully treated schizophrenics and other seriously disturbed mental patients with intensive psychotherapy rather than medication lobotomy or shock treatment written with unprecedented access to a rich archive of clinical materials and newly discovered records and documents from across europe and the united states hornstein s meticulous and delightfully lucid biography definitively reclaims the life of fromm reichmann the therapist at the core of joanne greenberg s i never promised you a rose garden is also the analyst who had an affair with and later married her patient erich fromm a pioneer in her field she made history as the pivotal figure of the unique and legendary mental hospital chestnut lodge a lively well written account of a charismatic leader in an important period of psychiatry s history psychology today at a time when

little pills are seen as a quick fix for almost everything this book is well worth taking time to read and contemplate philadelphia inquirer publishers weekly kirkus reviews

a plague is devastating mankind deep within the amazon jungle scientists have altered the genetic makeup of macaque monkeys making them self aware and giving them the power of speech only by working together can the two races man and monkey find some common road to a future earth

with the withdrawal of french forces from south vietnam in 1955 the u s took an ever widening role in defending the country against invasion by north vietnam by 1965 the u s had americanized the war relegating the army of the republic of vietnam arvn to a supporting role while the u s won many tactical victories it had difficulty controlling the territory it fought for as the war grew increasingly unpopular with the american public the north vietnamese launched two large scale invasions in 1968 and 1972 both tactical defeats but strategic victories for the north that precipitated the u s policy of vietnamization the drawdown of american forces that left the arvn to fight alone this book examines the maturation of the arvn and the major battles it fought from 1963 to its demise in 1975 despite its flaws the arvn was a well organized and disciplined force with an independent spirit and contributed enormously to the war effort had the u s vietnamized the war earlier it might have been won in 1967 1968
